SUMMARY

Passionate and detail-oriented software developer with a strong foundation in frontend technologies like HTML, CSS, JavaScript, and React.js. Eager to contribute to innovative web applications and grow my skills in full-stack development. Proven ability to collaborate in Agile environments and deliver user-centric solutions.

WORK EXPERIENCE

Barksdale Federal Credit Union   **Bossier City**
Marketing Analyst (Data Analytics)   *March 2025 - present*
- Designed and executed complex SQL queries to extract and analyze marketing data, driving strategic decision-making.
- Utilized SQL, Microsoft SQL Server, and Excel to access, clean, and provide data with actionable insights.
- Collaborated with a cross-functional, multi-department team to deliver features on time.
- Implemented changes on the company website and mobile app, improving user engagement for over 150,000 members.

Sparq   **Baton Rouge, LA (Remote)**
Junior Associate (Front-End)   *Jan 2023 - Apr 2023*
- Developed and maintained a web application for employee scheduling, supporting over 500+ users.
- Implemented RESTful APIs (POST, GET, UPDATE) to manage and display employee data..
- Leveraged Amazon Amplify to support user login and sign up processes for over 500+ employees.
- Utilized React, Styled-Components, and React Router to create a responsive and user-friendly interface.
- Collaborated with a cross-functional team using Agile/Scrum methodologies to deliver features on time.
- Gained exposure to C# and the .net framework

Contract Software Developer (Under NDA)   **Monroe, LA (Remote)**
Contract Software Developer   *Aug 2021 - Dec 2021*
- Developed and maintained full-stack web applications under strict NDA guidelines, ensuring high-quality code and adherence to project timelines.
- Collaborated with clients and team members to deliver custom software solutions.
